320 North Edinburgh Dr., Suite B
Winter Park, FL 32792
407-647-3460 Fax 407-647- 3484

LIMITATION OF LIABILITY

We are required to utilize surgical assistants for major surgical procedures. At times it is necessary for our surgeon to enlist a Physician Assistant (PA) or (MD) to assist. These are not our employees or employee of the hospital. They will bill your insurance carrier separately for their services. Many managed care insurance carriers will not contract Physician Assistants therefore their services may be considered out of network. Some carriers are excluding coverage for surgical assistants.

Please contact your insurance carrier if you have any questions pertaining to your coverage.

If you so request to the best of our ability we will provide the name and telephone number of the PA/MD's billing office. This will enable you to deal directly with them regarding costs.

Should a PA/MD assist be needed for your surgical procedure you agree that you have been informed before the service'(s) was rendered. You also agree to deal directly with the PA/MD's office regarding their charges.
